The D-Link DSM-312 MovieNite™ Plus Streaming Media Player gives you easy access to over one hundred channels and applications such as Netflix, VUDU, YouTube, Pandora, Picasa, mydlink, Facebook, Twitter, and many more – all right from your home television.

The Total Media Experience

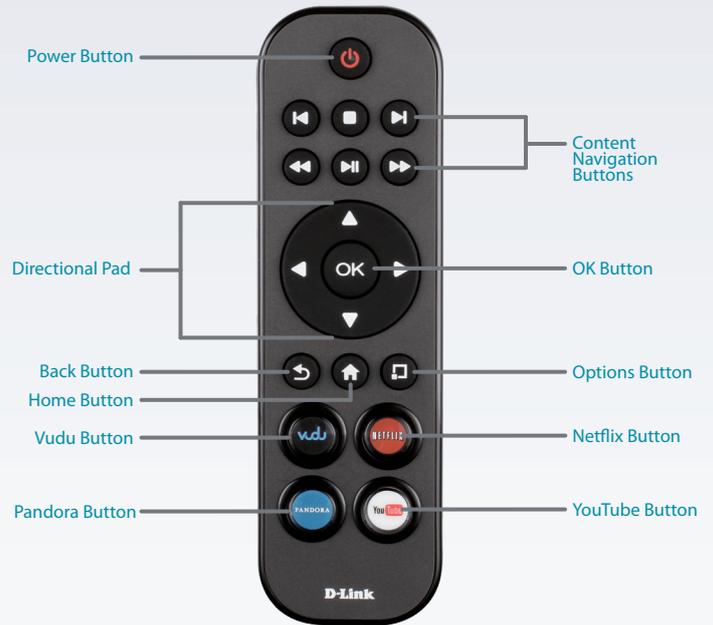

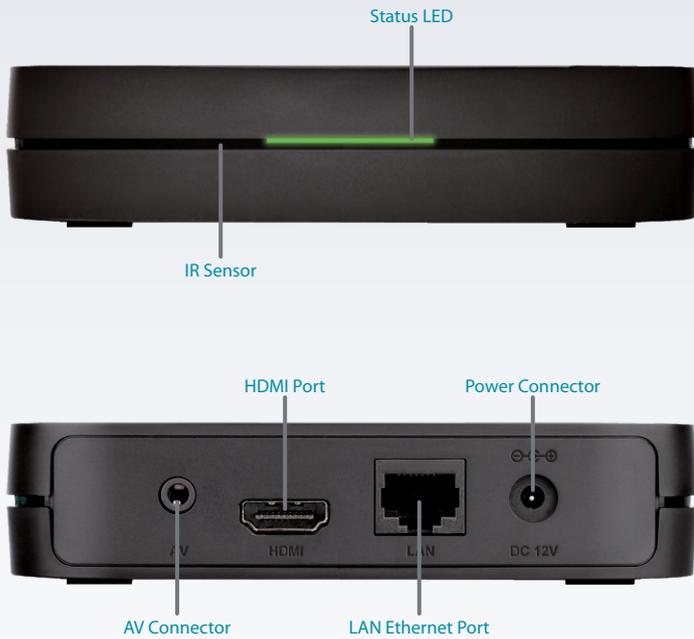

The DSM-312 is a powerful media player that connects to a variety of streaming media services to give you endless choices of fresh content to choose from. With a user-friendly remote and intuitive interface, the MovieNite™ Plus Streaming Media Player makes it easy to enjoy the music and the shows you love in high-resolution.

Unlimited Internet Content On Your HDTV

The DSM-312 provides you with access to more than a hundred media services. Use the remote control to browse through libraries of HD movies on VUDU and Netflix™, or check out the latest videos uploaded to YouTube™. Flip through photos stored on Picasa, or listen to customized Internet radio with Pandora®. The D-Link MovieNite™ Plus Streaming Media Player includes additional channels and applications such as Rhapsody, Picasa, Flickr, mydlink, Facebook, Twitter, AccuWeather, and many more. With the DSM-312, you'll never run out of entertainment choices again.

Easy to Set up and Easier to Use

Instead of having the typical jumble of wires and cables to connect, the Wireless N and HDMI connectivity of the DSM-312 makes setting it up simple and hassle-free. Simply plug in the power adapter, then connect the MovieNite™ Plus Streaming Media Player to your HD TV with a single HDMI cable, and you're good to go. After a quick wireless network configuration, you can sit back with your remote in hand and start watching movies or listening to music from the Internet right from your sofa.
